

PUBLICATION WITHDRAWAL NOTICE

The editors of the "**Eastern-European Journal of Enterprise Technologies**" (ISSN (print) 1729-3774, ISSN (on-line) 1729-4061), based on the publication policy "Rules for reject published articles", initiate the procedure for retracting the article "Developing the GoogleNet neural network for the detection and recognition of unmanned aerial vehicles in the Data Fusion system" by Vladislav Semenyuk, Ildar Kurmashev, Dmitriy Ritter, Pavel Petrov, Sayat Moldakhmetov, Alibek Adilbekov, published in Eastern-European Journal of Enterprise Technologies No. 5/9 (119), 2022.

Grounds for retraction, the need to make changes to the published paper, are due to:

- the revealed fact of violation of the authors' assurances regarding the presence of a conflict of interest,
- the revealed fact of inaccuracies in the information regarding the presentation of the results, which arose due to the presence of a conflict of interest,
- the revealed fact of inaccuracies in the composition of the team of authors, which arose due to the presence of a conflict of interest.

The validity of the claim is verified by the implementation of actions in accordance with the policy of the publication "Rules for rejecting published articles", which confirmed the presence of proven facts and arguments about the actual presence of a conflict of interest.

The revealed facts of violation of the authors' assurances regarding the presence of a conflict of interest can be corrected with the consent of the party that declared the existence of a conflict of interest and presented reasonable claims to the authors of the published article.
