

TECHNOLOGY AUDIT AND PRODUCTION RESERVES

No. 2/3(82), 2025

CONTENTS

<input checked="" type="checkbox"/>	CHEMICAL AND TECHNOLOGICAL SYSTEMS
6	Influence of vegetable fats on concrete of agricultural structures Liudmyla Tsyhanenko, Dmytro Volkov, Oksana Shkromada, Hennadii Tsyhanenko, Valerii Lutskovskyi, Vadym Shpota, Yevhen Reznichenko
12	The effect of adding quicklime on stabilization of expansive soils Agus Tugas Sudjianto, Arnol Da Costa De Jesus Vili, Aji Suraji, Riman, Sugeng Hadi Susilo
<input checked="" type="checkbox"/>	MEASURING METHODS IN CHEMICAL INDUSTRY
18	Development of textile structures using 3D prototyping technologies Viktoriia Mytsa, Mykola Riabchykov, Tetyana Popova, Anastasiia Nikulina
<input checked="" type="checkbox"/>	ECOLOGY AND ENVIRONMENTAL TECHNOLOGY
24	Reducing the risk of air pollution in working areas by construction dust using a combined dust collector Kateryna Vasiutynska, Anzhelika Karamushko, Oleksandr Butenko, Sergii Surkov, Serhii Melnyk
31	Development of a method for rapid detection of fires based on combined current sampling and dispersions of a controlled hazardous environmental parameter Boris Pospelov, Evgeniy Rybka, Yurii Otrosh, Larysa Maladyka, Olekci Krainiukov, Tymur Kurtseitov, Marharyta Vorovka, Svitlana Hryshko, Mykola Pidhorodetskyi, Olga Salamatina
36	Assessment and forecast of atmospheric pollutant dynamics in the urban ecosystem of Zhytomyr Anastasiia Kahukina, Iryna Patseva
<input checked="" type="checkbox"/>	FOOD PRODUCTION TECHNOLOGY
43	Comparison of technological operations in processing alfalufur hay in terms of their impact on forage quality and quantity Oleksiy Tokarchuk, Mykola Mytko, Serhii Burlaka, Ihor Zozulyak, Mykola Stadnik
52	Development of a dehydrated protein food product for military personnel Olga Masliichuk, Halyna Kushniruk
58	Development of gluten-free products technology using flax flour Olga Gorach, Oksana Dzyundzya, Nataly Novikova, Nina Rezvykh
64	Determination of relevant sensory characteristics of baked dairy products Anna Lohinova, Oksana Petrusha, Larysa Arsenieva, Galyna Polischuk, Oksana Vasheka
71	Study of the amino acid profile of alternative proteins (<i>Helix pomatia</i> , <i>Lissachatina fulica</i> , <i>Helix aspersa</i>) and their potential application in a healthy diet: optimization of a modern brandade recipe Anna Helikh, Andrii Filon
80	Abstracts and References
93	Анотації
