

TECHNOLOGY AUDIT AND PRODUCTION RESERVES

No. 4/2(84), 2025

CONTENTS

INFORMATION TECHNOLOGIES

- 6 Development of a method for using color in machine-readable optical codes to increase the information capacity
Oleksandr Kozyra, Andrii Fechan, Vladyslav Daliavskyi
- 13 Use of generative artificial intelligence to improve output message effectiveness in decision support systems
for prosumers
Oleh Lukianykhin, Vira Shendryk
- 24 Analysis of sinusoidal transformation model of dark tone digital images
Mykola Lutskiv, Yura Serdyuk
- 29 Development of automated collection method of initial diagnostic information for the technical support service
of organization network users
Bohdan Hinko, Oleksandr Boretskyi, Vitalii Marianovskyi
- 37 Decision-making on Command Query Responsibility Segregation with Event Sourcing architectural variations
Oleksandr Lytvynov, Dmytro Hruzin
- 60 Development of a model of raster power-linear conversion of digital images of light tones
Sviatoslav Kavyn

SYSTEMS AND CONTROL PROCESSES

- 65 Development of a diagnostic procedure for assessing the performance of a magnetoplane navigation system
Serhiy Plaksin, Andrii Mukha, Dmytro Ustymenko, Andrii Podchasov, Oleksandr Holota
- 71 Development of a fuzzy risk assessment model for information security management
Yurii Zdorenko, Alina Yanko, Mykhailo Myziura, Nadiia Fesokha
- 80 Development of an image segmentation method from unmanned aerial vehicles based on the ant colony
algorithm under the influence of speckle noise
Igor Ruban, Hennadii Khudov, Vladyslav Khudov, Oleksandr Makoveichuk, Irina Khizhnyak, Nazar Shamrai, Ihor
Butko, Rostyslav Khudov, Valerii Varvarov, Oleksandr Kostianets
- 87 Stochastic modeling-based adaptive control for maritime defense in simulation computer games
Maksym Maksymov, Oleksiy Kozlov, Serhii Retsenko, Maksym Kiriakidi
- 99 Development of hardware-software model for signal spectrum computation using Fast Fourier Transform
based on FPGA
Oleksandr Vasyliev, Oleh Filippenko, Inna Filippenko, Oleksandr Shkil
- 108 Abstracts and References
- 121 Анотації
